

**Pacific Design Group is pleased to announce the opening of our Silicon Valley office in Fremont, California, which will be headed by Mr. Donald Mear.**

This new office, centrally located between San Jose and Oakland, will enable Pacific Design Group to even better serve our rapidly growing Bay Area client base.

**Mr. Mear has been with Pacific Design Group for over 11 years and is being promoted to Associate as a part of this key strategic move. Mr. Mear's leadership, dedication to customer service and technical knowledge base in PDG's key markets will be an asset to our local customers. We are very excited to announce this latest development, as our Fremont office will be a springboard for PDG's further growth in the Bay Area market.**

*We would like to take this opportunity to thank our many clients, consultants and vendors that have given us their loyalty and encouragement over the years. Without your support, our company would not be where it is today. The evolution of Pacific Design Group has included specialization in several areas of architecture and practice in 8 western states. As with many architects, we design offices, retail and commercial projects, but we have also developed areas of specialization which include state of the art data centers, specialized healthcare facilities and retail bank buildings.*

*We, at Pacific Design Group, look forward to working with you for many years to come.*
